

# Roofingreen®

NATURE LED

patented  
product

made  
in Italy

**Outdoor module for covering  
and insulating ventilated  
flooring with integrated lights**

**N**ature Led is the option that allows you to integrate the Roofingreen Nature module with scenic and eco-saving LED footpath lights, suitable for all outdoor environments. Nature Led adds the suggestion of the lights to the exceptional aesthetic impact and performances of the Roofingreen technology: thermal and acoustic insulation, ease and speed of installation, zero maintenance, no water consumption. Light the space around you.
